July 27, 2021

Dear Members,

Re: 2021 Virtual Tour Paramedic Ride BC

You're invited to participate in the 2021 Virtual Tour Paramedic Ride BC. This year's event will challenge cyclists to ride as many kilometers as possible from August 15th-21st, while raising money to build a national monument to remember our fallen paramedics.

Cyclists will compete against other regions in the province and the riders from the top two regions who log the most kilometers on Strava will win a prize.

The cost to register is \$50.00 with the money going directly to the Canadian Paramedic Memorial Foundation.

National jerseys can be purchased for a separate fee.

Have some fun and raise some money all while remembering our colleagues who paid the ultimate sacrifice by not returning home at the end of their shift.

To register visit: <https://paramedicride.ca/chapters/british-columbia/>

Every registrant will receive an email with details on how to log their km's and participate in this year's event.

There will also be a group ride taking place on August 21st, out and back from Penticton to Osoyoos.

For questions about this year's event or the group ride on August 21st, please send all questions to lkellosalmi@paramedicride.ca

Thank-you,
Lindsay Kellosalmi
