Dear Members;

**Re: Community Paramedic Station Attachment**

---

As you know, since the last round of bargaining, the union has been collaboratively working with the employer in a Community Paramedic Working Group to review and improve the Community Paramedic (CP) program.

We have recently reached an agreement regarding CP station attachment, ensuring CP's are not disadvantaged for purposes of work allocation due to not formally being attached to a station.

As per the agreement:

1. All full-time CP's will be deemed attached to the station of their assigned post for the purposes of work allocation, lateralizing rights, overtime and AUC eligibility.
2. This will be applicable on a go forward basis, until March 31, 2025 when the current collective agreement expires.

Please note vacation selection will not be impacted by the agreement, with CP vacation selection continuing to operate independently.
