March 4, 2025

Dear Members;

We are pleased to advise that all work on finishing and approving the below items has successfully been completed.

As many may be unaware in relation to our bylaws, once they are voted on within the convention floor they are sent to CUPE National for review and approval. The process was quicker than in the past getting through the review and approval process.

In relation to the Negotiation resolutions not debated on the convention floor, these were forwarded to the Provincial Executive Board for debate and voting on. Not unlike being on the convention floor, there was much debate within the meeting on each one of the remaining resolutions.

Accordingly, we wish to share with all members the following information for your review and purview. Please note these are also posted on our union website under the Convention 2024 page.

1. [2024 Bylaw Resolutions](#)
2. [2024 Policy Resolutions](#)
3. [2024 Negotiations Resolutions](#)

All negotiation resolutions have now been shared with your negotiation team to assist in their journey towards the next round of negotiations.

In Solidarity

Keith Taylor  
Provincial Recording Secretary  
CUPE Local 873
